Just when I had thought that probably there was not going to be any new action from the Ender King series this time round, Steve unleashes a new thrill to Minecraft lovers out there. The Twilight Forest Naga presented itself just in the time I needed perfect mind twitch

Ender King has done another great wonder to Minecraft stories. This is so unique. This story must have been as a result of Ender Kingâ ™s new discoveries in story writing. The Minecraft thrill is so

real! I can read this book again and again.

Been waiting patiently for the new release, thought it had taken a break like the movie series I am addicted to. This one came and it did not disappoint, the Minecraft thrill is real. Thanks Ender King! Keep them coming!!!

After a raging series the Minecraft awakening series has reached book nine, In this one the characters Steve and Jack venture into an unknown portal only to find themselves in a completely new world of legendary monsters. Without giving out any other spoilers Iâ ™d just like to say that this is an intensely catchy and fun book for all ages and it is particularly great to read out to children.

Ender King just keeps writing Minecraft stories and I'll keep reading them, as he isn't showing any signs of losing momentum. This time, there are three enemies the protagonist needs to face in a completely new (and unfamiliar) land. Yes, it's that exciting!
