A Line Can Be . . .

Synopsis

From much-lauded artist Laura Ljungkvist, whose Follow the Line series earned praise for its clean, Scandinavian style and ingenious premise, comes a playful board book perfect for the toddler and pre-K set, and sure to please parents who are fans of modern design. Starting on the front cover, and winding its way across each page to the end, a single line forms different shapes that demonstrate opposites ("clean" or "messy") in Ljungkvist's signature modern style. Children can follow the playful and ingenious line, which winds its way across brightly colored and patterned pages, till it ultimately forms "you" and "me," for a warmly charming ending. Laura Ljungkvist has developed a fan base as the author and illustrator of numerous children's titles, including the award-winning series Follow the Line (Viking, 2006-2011), Pepi Sings a New Song (Beach Lane, 2010) and, most recently, as the illustrator of Mem Fox's Yoo-Hoo, Lady Bug (Beach Lane, 2013).

Book Information

Board book: 24 pages

Publisher: POW!; Brdbk edition (March 17, 2015)

Customer Reviews

In A Line Can Be, Laura Ljungkvist, using a single line, demonstrates for toddlers and preschoolers the unlimited potential of creativity and explores opposites such as up/down, clean/messy, and simple/complicated along the way. The book is pleasantly simple indeed, though it's easy to tell that your child will have plenty to think about.

Used this book in preschool classroom to introduce drawing. The children were so proud of their long, short, loopy and zig-zag lines!

The children love it
