Customer Reviews

Love reading all of her books. I especially enjoy these ETTIE SMITH one's. I recommend all who like Amish Mysteries or Romanance books to give Samantha a chance. You will like her books as

much as I do.

If you're a fan of well written mysteries where the characters just happen to be Amish then this series is the perfect choice for you. Ettie Smith is at it again when she is asked to help figure out whether a local Amish man killed his sister. Ettie is certain that he is innocent, but it isn't going to be easy to prove. This series is fantastic! I keep thinking that the author can't get any better and then she does. With this one the author provides more than a few scenarios as to what might have happened and honestly I didn't figure it out until the author revealed the truth. The characters in this series are really easy to connect with Ettie and her sister seem very down to earth and easy to like. I thought it was great that the author pulled in the old detective to validate Ettie. Anyone who enjoys a page turning not so easy to solve mystery where the author throws in more than a few twists are going to find this series to their liking. I only hope that the author is working on the next book in the series because I really can't wait to see what Ettie gets into next.

Seems like each book in this series gets better and better. Love the way the two elderly Amish sisters help solve a murder and do better than the ENGLISH detective. Lots of excitement and twist and turns in this series. Enjoy as much as I did. GAB
