# My First Bilingual Book-Fruit (English-Chinese)

## Synopsis

Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature animals, fruit, home, and vegetables. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.

ISBN-10: 1840596260

ISBN-13: 978-1840596267

Product Dimensions: 6.5 x 0.5 x 6.4 inches

Shipping Weight: 8.5 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (33 customer reviews)

Best Sellers Rank: #647,479 in Books (See Top 100 in Books) #115 in [Books > Children's Books > Education & Reference > Foreign Language Learning > Chinese](#) #482 in [Books > Children's Books > Children's Cookbooks](#) #4192 in [Books > Children's Books > Early Learning > Basic Concepts](#)

## Customer Reviews

Very good book. my wife and son are learning French at the same time with it.the Words are correct with a very nice white background that places the focus on the images and words.Quite solid too as my 17 months son plays with it like a.. well like a boy would.My wife now know some fruits names in French.

I purchased "Fruit" and "Vegetables" (English/Russian version) as a gift for my friend's little guy. His mother and grandparents speak Russian so he is being raised in a bilingual world. I found the books to be sturdy and well illustrated. His mother is a photographer and she was impressed with the pictures. It's good to have toddler books in both languages to give the little ones a sense of written

English and Russian.

This is definitely a "first" book with the thick almost-like-cardboard pages, bright colors, & simple format (just the words of the fruit in English and Russian). It's perfect for the baby shower that I will be attending - not a book that will sit on the shelf for many years waiting for the baby to be old enough to use it.

We love this book. The pictures are very simple and the high color contrast captivates my daughter's attention. I like the way the dual-language words are clear and in big bold text. This makes it easy to read/show it to my daughter and her friends.

I was looking for a bilingual book with good illustrations that my non-Italian speaking husband and 13 month old could enjoy and find educational. We had to go through having it shipped to us twice (the first time, it arrived with the wrong language pairing), but now that we can actually read it, I am pretty pleased with it. So is the munchkin. She loves to look at the illustration, and has sat through multiple readings.

We are trying to learn German along with our baby. This series of books is good and helps us learn words that we use every day. I wish they had a little area at the bottom where they told you how to pronounce the words though. Some are difficult and we end up having to look them up online. Other than that the book is great!

Purchased this as a gift for a little one learning French. Its a bright and colorful book; there is no story but more like flashcards. It seems sturdy so I am hoping it will hold up to a lot of use. It was purchased as part of a set with the other books in the series.

Just received these. I ordered the English-Chinese board books for Fruit, Music, and Vegetables. The books are decent quality with nice bright images. I love that the images are photographs rather than illustrations. However, for languages that use a different alphabet, it would be great if they'd add in the pronunciation (pinyin) for the Chinese words. It would be so simple for the publisher to add! If you can't read Chinese, these books won't help you teach your toddler. I plan to write in the pronunciation (thanks to my in-laws) so that I can read both the English and Chinese names to my LO.
