## Synopsis

What do you do when you are fighting for your family? This is the question Bilal Ansell Blake aka Baby is faced with. Separated from his wife of nearly twenty years, Bilal is trying to figure out how to fix it. While trying to fix his marriage Baby has to deal with his wife's money hungry family. Then his son reveals a secret so big that it could shake his family's peace of mind forever. Unique is the middle child and is fighting her way out of an abusive marriage. She and her twelve year old daughter, Montana, have been affected by Unique's husband and a near fatal attack on her brought most of her secrets to light. What will happen now that all that she has kept close to her heart is being discussed among her family? Kane is the youngest Blake child and the most grounded. An up and coming pastor and a soldier in the Army Reserves has not had the issues that his siblings have. He is single with no kids and finishing up his last year of college. His focus has been on finishing school and going straight into the ministry. That is until his friend introduces him to her sister. Will he be able to resist temptation and remain focused on his goals? Or will his goals be deterred by the flesh. Shakira is the wife of Bilal. She wants a better life and thought that she would have that when she started dating Bilal in high school. Even though she never worked and Bilal provided for her and her kids, Shakira's family was always in the middle of their marriage and it was wearing on her. She wants her husband, but will her family be the ones to tear it apart, or will it be a face from the past? Can she keep the family that she worked hard for together or will secrets tear them apart. With faith being tested and temptation all around, will the Blakes come out on top or will they fall victim to the Devil's antics. Find out what happens when good meets evil, and see if the bonds of marriage and family can remain solid and hold true to the vows that were spoken before God.

## Customer Reviews

I loved the development of all the characters, only problem I had with it was the predictable occurrences. and also it just seems like every one got pregnant around the same time period, which is not normal when reading a book. Other than that, I loved everything about this book and how important family was exemplified throughout the whole book. I did want to know what happened to baby Bilal and his wife Shakira. I also like the baby brother Kane, his character reminds me of myself. Great debut novel!!!!, will be looking for future titles from this author.

I was pleasantly surprised to run across a novel by someone from my neck of the woods in VA. I could picture the scenes around the city. I can't wait to read the companion book and other books from this author.

I really enjoyed this book because it was the characters had different things going on in their lives and either their faith in God they made it through their different trials and tribulations.

The overall storyline was good but both the books ended abruptly and it was kind of dragging in some places. I wasn't overly impressed but I got what the author was saying.

I was enjoying this read until it abruptly ended. I believe it could have allowed the characters to experience more before ending so crazy!

This work of fiction keeps the reader intrigued from start to finish. I especially love the family dynamic and hope to see more of them? ^

Read non-stop from start to finish. Wonderful to read a spiritual testimony with scripture highlighting the beauty of Gr's word.

Very down to earth portraying real life situations. Will obtain 2nd book to see what happens to all the characters.
