Customer Reviews

Creating America is a great book. I have been using it for years now. It explains everything very well. I have tried other social studies books before but none of them helped me understand everything like Creating America did. This book tells stories from thousands of years ago and stories from 4 years ago. If you find social studies hard to understand then get this book. I'm sure it will help you like it helped me.

This textbook is the ideal choice for learning about the history of our great country. It is well written and contains a lot of important and interesting information that all people should know.
