# Brave As Can Be: A Book Of Courage (Growing Hearts)

## Synopsis

The life of a toddler can be full of frightening things: the dark, the neighbor's dog, and thunderstorms, just to name a few. As children get older, they begin to feel braver around these everyday events, but how do they build this newfound confidence? In this lyrical, insightful picture book, an older sister explains to her younger sister all the things she used to be afraid of, along with some tricks to help, whether it's a special blanket for bedtime or singing during a storm. Now, big sister assures little sister, the fears that once felt as big as a mountain feel as minuscule as a speck of dust. This playful portrait of fear and bravery empowers young readers to confront once-scary situations and, with charming illustrations and die-cuts throughout, is also beautifully packaged.

## Customer Reviews

Cute illustrations although I thought the story was lacking. I was hoping that this book would really encourage my daughter to face problems with courage but it failed to meet my expectations. It is an enjoyable story for what it is, although I probably wouldn't have purchased this book if I read it through first.

We bought her other book "In my heart -- a book of feelings" So we were really excited to get this

one once it came out... but really just ended up being disappointed. It feels so bad to say that about someones book that they took the time and effort into but it just wasn't really a book we like to read-- I guess the other one was so great that this one fell short. It would be more of a read at the library and return it kind of book instead of keeping it to read over and over. I highly recommend choosing the other one if you plan to purchase between the two. I do love the illustrations, those are always beautiful.

I bought it for my 3-year old. I realized it's more for an older age. Nonetheless he loved it and find it "goofy" that what it seems to be the eyes of a Monster are actually the eyes of a smiling kitty. He missed a lot of the story content but got the message that many things may look scary but actually are something really funny. The artwork is amazing. So clever! I loved it!
