All the Possibilities is part of the wonderful McGregor saga created by Nora Roberts, my favorite romance author. In this book, Shelley Campbell, a pottery shop owner, and Alan, a Senator and son of Daniel McGregor, meet at a D.C. party. Alan knows from the start Shelley's the one he wants, but Shelley needs some convincing. She's especially fearfully of his presidential ambitions, as her father had them and was assassinated. The rest of the family is incorporated into the story, an ingrained part of Robert's style that adds to the overall warmth and displays the depth of family love. Read about how Alan and Shelley fall in love with each other, all the ins and outs of their characters, and discover the magic of Nora Roberts.

Because I am not going to pay twice what I paid initially to re-purchase half the book: I own the paperback Alan/Grant format, and love both stories, but sorry, guys, not going to overpay for the

convenience of the digital format.

ALL THE POSSIBILITIES is part of the MacGregor Series and is a story focusing on Shelby Campbell and Senator Alan MacGregor. If you've read any of Nora Roberts's books regarding the MacGregors, you'll know how enjoyable this family can be. Yes, Alan is a child of Daniel MacGregor, so you know that he's being drilled about marriage and adding to that MacGregor bloodline. But Daniel isn't so sure about a Campbell coming into the family, as they have been enemies from way back. But Shelby can hold her own against this rambunctious old meddler. The question is can she hold her own against her memories of the assassination of her father so she can follow her heart? ALL THE POSSIBILITIES is a very cute story, which is a quick read. Most could probably read it in a day or two at the most. It's a feel good story with great character description. And anything with Daniel MacGregor in it is enjoyable to read!!

Its priced far too much for a book written over a decade ago .. please moderate the prices! I am a Nora Fan but i wont pay so much even after considering the convenience of having the digital version of this book.

I like the story a lot, but the publishers are really stretching things with the way they are pricing what is basically half of a book. This was published as part of a two book set -- this is way too expensive for an electronic copy of such an old book.

Downloaded the early McGregor books to read again ebook style - having read the original series in the 1980's and a few times since still own some in paperback. I knew the twists that were coming but whether it was the little gift of strawberries or the stress of DC, the story still resonates and the family is still a wonderful family to read about, like old friends.

Shelby, the pixie, the potter, and the waif, are her public personae, but only her brother and Alan truly understand the shattered Shelby Campbell. Nora has crafted the perfect soul mate for the Senator. But after months of trying to convince her to marry him, it is Shelby's brother, the hermit, who points out several salient facts. These revelations have Shelby high-tailing it back to D.C. to accept Alan's marriage proposal. This novel was well written, with such intensely developed characters you automatically fell in love with. A wonderful Summer read.... now onto the other MacGregor novels!

IT'S NORA ROBERTS, COULD IT POSSIBLY BE BAD??? NO. THIS SERIES (MacGREGORS) IS ESPECIALLY GOOD, THE CHARACTERS ALL WEAVE IN AND OUT OF EACH STORY BUT EACH STORY CAN STAND ON ITS OWN. THIS SERIES COVERS TIME AND FAMILY MEMBERS AND AS YOU GO THROUGH EACH ONE YOU MEET NEW PEOPLE, DIFFERENT GOALS, BACKGROUNDS STORY LINES. YOU WILL NOT LOSE INTEREST, YOU WILL LOOK FORWARD TO THE NEXT AND WELCOME BACK THE PEOPLE YOU SO ENJOYED. EACH STORY IS VARIED ENOUGH THAT IT IS NEVER REPEATING THE SAME STORY OVER AND OVER - EACH IS GREAT ON ITS OWN.
