Starting & Building A Nonprofit: A Practical Guide

Synopsis

Start a nonprofit and keep it running with this practical guide. During hard economic times, nonprofits are more important than ever. Here, learn how to create and nurture a nonprofit that will serve your vital mission, whether supporting the arts, rescuing a school library, protecting the environment, or making a difference in another important way. With practical advice, legal information, tips and step-by-step instructions, this essential guide will help you get your nonprofit up and running—and keep it going! *Starting & Building a Nonprofit* explains how to: develop a strategic plan and budget; recruit and manage board members, employees and volunteers; market your organization to your target audience; raise money online through crowdfunding and other sites; build a website and use social media and networking sites; adopt policies that are legally sound and much more. Whether you are dreaming of starting a nonprofit or are already in the trenches, *Starting & Building a Nonprofit* will help your organization make a real difference in the world. The sixth edition includes information on using technology to manage your nonprofit's finances and operations. Are you a California resident? Check out *How to Form a Nonprofit Corporation in California*.

Customer Reviews

While I usually review CDs and DVDs as well as entertainment related books here on [Amazon.com](#), in my major occupation, I am a CPA with over 40 years of work in the Nonprofit field. I am also Treasurer of a Nonprofit so I feel qualified to provide an accurate review of this book. It is another in the fine line of legal books - written in plain English - by Nolo Press. I've been reading their books for more than 30

years. This particular volume is the 5th Edition. The original was published in 2005 and this is the March 2013 version. It's not clear what parts have been updated or revised. I reviewed the 2011 version of the book and not much has changed my rating. My headline title then was "Good book covers main concerns and serves its purpose. Note that author is attorney but does not practice NFP law." And that still applies. The author - an female attorney who writes a blog on self-employment for women and has written other small-business guides - actually does public relations for nonprofits rather than provide legal advice (this from the blurb on the book jacket and her blog) . She is a good writer (hey, that's her main business) and spends the first few chapters asking QUESTIONS? Many of the Chapter or sub-chapters here are things like: "Do you want to be tax-exempt?" (not all NPs are), "What is the Mission?" (The MOST important question to be answered before deciding if you want to form one.), and "What do you want to name the NP?". She does point out that - though the umbrella tax exemption (for Tax-exempt organizations) comes from the IRS, the State in which the NP is incorporated is almost as important. And, if you plan to start a TAX-EXEMPT (501(c)(3) organization, you will not find the detailed steps to apply for the exemption here.
