Exciting and well put together. Minecraft: Star Wars: "The Jedi Path" : The Epic Space Saga Retold in Minecraft Story Mode (Episode Book 1) by Ender King is a wild tale and great

adventure. Vader, lightsabers, Deathstar, itâ™s all here. Love the great illustrations. Had a great time with this. Recommended. Five stars.

I couldn't put my tablet down. I have read this book twice already. Ender King is absolutely amazing in the way he got me involved and outwardly supporting my favorite characters while missing a heartbeat when they are in danger. I love the mystery and suspense. Cheers man!!

Great read and very interesting to see some Star Wars and Minecraft elements mixed together. Long-time fan of Minecraft and Star Wars, putting them together made this really special for me. Ender King definitely outdid themselves with this one. I highly recommend it for everyone.

Another must read for Minecraft series lovers. Awesome story and characters. The way the story moves makes us feel as if we are travelling with Jesse and his friends through the galaxy. Very innovative way to narrate a star war. Cheers to the author for it.

Ender King once again delivers an entertaining and engaging Minecraft book, this time crossing over into the Star Wars franchise. *Minecraft: Star Wars: "The Jedi Path": The Epic Space Saga Retold in Minecraft Story Mode*, is a brilliant read for any Minecraft and Star Wars fan. I'm a huge fan of both Star Wars and Minecraft, and when I heard that Ender King would be crossing the two I had to purchase this book. I read from the very start to the very finish in one reading session. It does not fail to deliver. Proving to be another worthy addition to the Minecraft universe, this particular book focusses on the story of Jedi Warriors. The book features various popular characters from the Star Wars franchise, and proves to be the ultimate book for any Minecraft fan. With each new book Ender King proves to be one of the best Minecraft writers, delivering above expectations every time. He manages to bring every story to life with comical illustrations and intriguing storylines. I highly recommend this one.

Despite all the Star Wars hype that was generated about the latest Star Wars episode, I was still surprised to come across this book. It's a great thing I ordered it, though, as it captures the space saga perfectly using some very clever elements and rich humor.

This Ender King Minecraft edition is definitely worth reading. Right from the catchy story line or mystery to suspense or spectacular illustration, this book has it all. Each and every reader can

relate to the characters of the book. Highly recommended.

I have been reading books written by Ender King, but today as I read this tale it has changed my perception about life. For sure as an author Ender King has demonstrated talent and passion. I recommend this book to all Minecraft readers.
