Jack And The Beanstalk, Grades PK - 3: Juan Y Los Frijoles Magicos (Keepsake Stories)

Synopsis

English-Spanish Version In this beloved tale, Jack watches in amazement as his magic beans grow into a beanstalk that reaches beyond the clouds! Children will eagerly continue reading to see whether Jack can sneak past a hungry giant to rescue the golden harp. Between the pages of the Brighter Child(R) Keepsake Stories books are the classic tales of magic, imagination, and inspiration that will delight children again and again. From the hard-working Red Hen to the foolish Gingerbread Man, these stories will capture children's interest and spark their imagination page after page, inspiring a lifelong love of literature and reading. Each book includes 32 pages of fresh, captivating illustrations, and measures 8" x 8".

Age Range: 4 - 9 years

Grade Level: Preschool and up

Customer Reviews

This is a great book for a 3-year-old child. I'm raising my daughter to be bilingual and I read stories in Spanish every evening. She loves this story and the large colorful images. I like the size of the book and the length of the copy per page -- great for a toddler!

The book is fine if you follow the story but my point of view for a 6 year old child is not very striking illustrations would not much call the attention of children under 6 that is my point of view, but what

concerned the book is very good history comes in English and Spanish if is good book

I think the translation could be a little better, but overall it's a great bilingual edition of a classic children's story. My 4 1/2 year son enjoys it and has asked it to be read several times since we bought it. (This is actually a great compliment on the book as my son has quite a collection from which to choose.) I will be purchasely more from this series to add to his little "library". :)

Excellent resource for pk-k curriculum unit on plants, fantasy, beans

In this version, Jack steals the giant's gold, but his crime is justified because his mother claims the giant robbed them of their gold in the past. This is probably best for 4-8 year olds. In a few years when the older kids start stealing their lunch money, they will realize fairy tales are make-believe.

This book was a gift for a close friend, he and his family loved the book. It's great if you want your kids to learn another language and spend quality time with them!

OK book, OK illustrations. Not loving that in a book for very young children (PK and up) it talks about the giant killing Jack's father. I had to skip quite a few lines in this one.

Great for the new reader in my family. He's already bilingual and we're hoping to keep him this way with the new books.
