## Customer Reviews

Ideal for school assignments, reminders or appointments. It is a bit small, so you won't be able to write detailed notes. Get the size that works best for you. The small one works for my purpose and I can easily throw it into my bag. Hard cover & stretchy elastic is very durable. My first choice in planners are always Moleskine, may be slightly more expensive but worth the price. Great quality.

I find the band around the planner keeps things in my purse from slipping in the pages and the sewn-in book mark allows me to mark the current week for easy access! I like the 18 months so I can keep up with advanced appointments easier. The color makes it easy to find in my purse. It does have some drawbacks--it lacks common holidays and celebrations! I assume it is made for many cultures and nations. There is a similar one on the market that has customary holidays, but it does not have the elastic band. Also each week starts on Monday and I prefer it to Start on Sunday as most others do! It is a bit thick. I cut out many of the "resource" pages and things I never use. Don't really use the month at a glance pages, but would like the tiny monthly calendars at the

bottom or top of last month, this one and next month. Really would love to find one that has it all!

Moleskine makes the best calendars, hands down. They are durable and have plenty of room for all your notes, activities and doodles. :)

This is the perfect sized planner to put in my purse and I'm just obsessed. Yet another Moleskine product to love :)

This is awesome! Would be even better with a pen holder.

I'm buying this size planner every year. Love it.

Use it to keep myself organized. Nice size.
