A Faint Cold Fear

Synopsis

Sara Linton, medical examiner in the small town of Heartsdale, GA, is called out to an apparent suicide on the local college campus. The mutilated body provides little in the way of clues -- and the college authorities are eager to avoid a scandal -- but for Sara and police chief Jeffrey Tolliver, things don't add up. Two more suspicious suicides follow, and a young woman is brutally attacked. For Sara, the violence strikes far too close to home. And as Jeffrey pursues the sadistic killer, he discovers that ex-police detective Lena Adams, now a security guard on campus, may be in possession of crucial information. But, bruised and angered by her expulsion from the force, Lena seems to be barely capable of protecting herself, let alone saving the next victim. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

This is the third installment in Slaughter's Grant County series featuring Sara Linton. The story moves at a fast pace, never letting you go. A page-turner. If characterization and realistic dialogue are key to what you enjoy most out of your fiction, Slaughter is the author for you to try. I found her first book engrossing and her second book was a page-turner. The third is no different. She is an author to watch. I find her style unique and original. She is one of the few authors that I anticipate a new novel from and buy & read without reading reviews. She is not overrated as some reviewers have stated. I find her voice refreshing and yes, the violence level was extremely high in this book but overall, it did not shadow my enjoyment whatsoever. Lena's still struggling to find peace within herself and might have stepped over the line in this installment. She meets her match in Ethan, who

seems to identify with her on some level that only the two of them understand. The friendship and respect between Jeffrey Tolliver and Lena Adams is stretched thin here stemming from events from the previous installment and in this book as well. At times it was exhausting to see Lena's struggle to find herself, to come to grips with her past. Sara Linton and her ex-husband, Jeff Toliver are still together and might even be thinking of marriage again. Their romance is nice. If this is your first time hearing of Karin Slaughter, this is not the book to start with and I recommend that you read them in order to get a better feel for the atmosphere, the characters. I am amazed that a few reviewers who posted seemed to think that the characters are unlikable. I don't agree. Slaughter is only one of the few writers who puts out thrillers with the emphasis on her characters.
