## Customer Reviews

This cd is wonderful! We love dancing to the music and singing along to familiar tunes in both English and Korean. Everytime my son hears the beginning song he gets very excited and starts to dance. We are very happy with this purchase.

I played this CD in the car for my 2 and 4 year olds. Since all the songs are both in English and Korean, my kids automatically picks up Korean words. The songs are cute and I am very pleased with this CD. I am buying one for my friend's daughter too. Great gift item!!!

My daughter refused to learn Korean or listen to any Korean music till I purchased this CD. Well thought-out and educational for pre-school students. (or younger)

My daughter is half korean and almost 3 years old, this is great for supporting the small ammount of korean language exposure she gets. She already knows most of the songs and automatically repeats the words that are spoken. I am going to order the next one too.

Great for the grandkids.
