Customer Reviews

I think that these books are great as they expand the landscape of the story from the game to a book. Minecraft is a great start as a game, but books like this really take it to the next level. Whatâ™s really great about this book is that once you read it you have all sorts of new ideas for the game, whether you are a seasoned minecraft player or just starting out on the game. Love the fact that it is written so almost anyone can access it. The story is straightforward and compelling and doesnâ™t rely on the knowledge of the game to enjoy. Thanks to the author for providing a great story. Highly recommended!

My nephew loved this book. He's deeply into Minecraft and I'm into zombies. This book is a fun read and there is a nice description of how to build a zombie trap. Personally, I like stories that are entertaining but where I can also learn useful tips about the game and this story delivers.

I love this book:!)! It is the best book ever made and would like to see more books in the series

First off I will be honest and say I did not read the story. It is a gift for my daughter. But I was disappointed that it's only 30 pages and looks like a pamphlet. This will only entertain her for maybe 30 min. Shame on me for not reading the full description.

We just started reading this book (to my 4 and 6 yr old). Up to Chapter 1 has been great. My 6 yr old is verrrry into minecraft, so this is a nice non-screen diversion.
