Great educating songs in Spanish for Children. My niece and nephew love to dance to it and they already started singing in Spanish with perfect intonation. They pretty quick learned basics such as numbers, vowels, animals, musical instruments and even Latin American cultures. This is great Feel-good tasty music with catchy melodies. We're looking forward to a second volume! I totally recommend it for parents and educators interested in exposing their children to Spanish and Latin cultures! Andres Rivera

This is an excellent CD. My wife is a native Spanish speaker and it is important for us that our daughter be fluent as well. This is a fun way to reinforce the language and allow her to practice Spanish while singing. The tunes are great to dance to, and we often watch our daughter sing and dance to the songs at one of her home performances. It has truly enriched her life, and she loves it. We have sampled many Spanish CD's for children over time, but none have come close in quality to this one

I'm teaching my one-year-old grandson Spanish, and this CD has been a blessing. When I turn it

on, he immediately stands up and starts dancing! I would love to buy any CDs that have come out since this one because it's a great way to learn Spanish.

I bought this cd for my grandchildren who live in the United States but who come from a Hispanic background. It's been an excellent way to stimulate their willingness to speak Spanish. The lyrics in this wonderful cd are carefully chosen and easy to stick in the children's minds. It has let all of us share, sing, learn and spend quality time together.

Every time I put it on, my 24 months old daughter starts dancing and singing along! She picked up the words quickly, and even though Spanish is not her native language, it was easy for her to follow the tune and to remember the words. When she has play dates, she and her friends always ask for this music. Easy way to pick up some Spanish for the children!

Outstanding CD, well adapted for children, lovely music, lyrics appropriate for children. The 2 children of my sister of 1 and 2 and half years love it. They sing them frequently and without hard work, learn some basic words in Spanish. Frequently, when listening to the CD they like to "dance" (jump, move hands and run around).
