Freelance Writing Express: How To Earn \$\$\$ Within Two Weeks

Synopsis

Written for aspiring freelance writers and writers struggling to establish themselves, *Freelance Writing Express* guides you step-by-step to a successful freelance writing career. Bypass petty-pay content mills, scams and pitfalls, and learn how to:

- operate your freelance writing career as a business
- design an outstanding profile
- develop your expertise
- research and write search engine optimized web content
- create an excellent portfolio
- write winning proposals
- vet clients
- select projects best suited to your skills
- navigate sources of income to your best advantage
- never write one word for free

When I began my freelance writing career, I stumbled around attempting to locate the good gigs, the gigs that paid more than pennies per hour. I spent months researching how to market myself. I wasted innumerable hours that I could have used productively earning money. I never did find the perfect advice. I learned the hard way. The reason I wrote *Freelance Writing Express - How to Earn \$\$\$ Within Two Weeks* is to save you from the stumbles, the time suck, the lousy clients, the worries about where the next gig is coming from, and the self-doubts. There is nothing in *Freelance Writing Express* that is impossible for you to accomplish. I do not have a university degree. I did not take writing courses. What I have (and you do, too) is a passion for writing, life experiences, an insatiable curiosity, and ambition to succeed. With my unique approach and experience, you are guaranteed a profitable freelance writing career within weeks. You CAN and you WILL become an established, reputable, and successful freelance writer following my system.

Customer Reviews

First of all, I love how each chapter is designed. Each one hits the key points of freelance writing and adds a short recap for those main points for emphasis. The style is easy to understand. The samples provide what works and where to go to get the information you need. Concise and informative, this book implements valid advice for starting out on a career- at any age and at any level of education.

This is a great book for new writers or those with a bit of experience. It shows you how to start earning quickly, but also motivates you to apply for more lucrative projects. I would highly recommend this book to writers who are stuck in the content mill rut. There is a section on how to write bid proposals for Elance that would be helpful for any bidding site. It also shows you how to create a winning profile. Some of the profile tips can be used when creating a writer's website too. My favorite part of the book is the chapter on Constant Content. It gives you step-by-step details on how to submit your articles and what to avoid.

This author has provided an interesting and detailed source on how to become a freelance writer. The information is well organized with many excellent tips on how to be successful in this surprisingly large industry. Her experience and research is evident in the wealth of information available within her book. Great resource if you are intrigued with the idea of writing for a living.
