Synopsis

The Brides of Virtue Trilogy is available for .99 cents for a limited time or FREE with Kindle UnlimitedRead about the adventures of three young couples searching for love and happiness in Whistle Stop, Wyoming.

Protecting Patience ~ Book #1 Patience Shaw had everything she ever dreamed of -- a loving and doting husband, a teaching job she adored in a quiet frontier town and the blessing of a long-awaited pregnancy blossoming inside her. Life was glorious. But the accident changed everything. Suddenly, her husband was gone, she was alone, and her fate rested solely in the hands of her worthless brother-in-law Warren. And he had a promise to keep. Warren Shaw made a vow to his brother that day as Clayton lay dying. He gave his word to take care of Patience and see to it that she was happy. To Warren, that meant finding a man who could provide for his brother's widow and care for their baby -- even if he had to offer Patience as a mail order bride. It was the only way to keep his promise. Or was it?

Finding Faith Faith Decker was no stranger to grief and despair. After losing both her husband and expectant baby on the wagon train west, Faith was desperate to start a new life for herself in a small frontier town. But when her responsibilities as the town's midwife go terribly wrong, Faith finds herself exiled from her home and forced to accept the offer of marriage from a stranger in Wyoming. With no money, no friends, and no hope, Faith can only pray that a better life awaits her in Whistle Stop.

Hayes Morgan always seemed to have a soft spot for those in need -- so much so, that the townsfolk of Whistle Stop often teased that God made him so big just to fit his huge heart. So when a beautiful young woman is left abandoned and roaming the streets, Hayes can't help but invite her in. But sharing his home with a woman who harbors such dark secrets, and has closed her heart so tightly, proves challenging for the rugged blacksmith. If only there was more he could do to help her.

Guarding Grace Grace Knowles slowly read the words she had been praying for. Faith's letter had finally come and it answered all of her prayers. Her dear friend was sending a train ticket for Grace and her baby boy to join them in Whistle Stop to start a new life. The only catch was Grace must agree to become a mail-order bride to a man of their choosing. But what man would want a broken, abused woman with nothing to offer but a baby that was not his own?

Sheriff Emmett McCabe took great pride in protecting the people of Whistle Stop. It was the only thing that helped him move on after the sudden and tragic death of his wife and daughter. But when a train on its way to Whistle Stop derails, leaving a mother and child desperate for help, Emmett makes a daring rescue, risking his life, his job and his heart.

Customer Reviews

I want more books from this writer. Once I started this set of books I promise you, I could NOT put them down. These women's stories were so real and touched every nerve in my heart. I guarantee you will get the other books to the series once you have read these. The only problem you will encounter is you won't want to stop reading to cook dinner or do any house work.

This is a good easy read. It shows the love of God working to make a way for those who have faced tragedy. I gave it a four because I wish the characters were more developed. This could have been done by lengthening each book by just a little

I love boxed sets of books and Mail Order Bride stories. This is a three book set by Jill Maguire, each book is stand alone, but each book continues the story of Mail Order Brides who arrive at Whistle Stop, Wyoming and find someone else besides the man that sent for them. Patience is a loving wife of Clayton, expecting their first child. Clayton dies in a hunting accident and his brother

Warren decides to that Patience should become a mail order bride. Faith is married to John and they are both traveling to Wyoming when John is killed by Indians. Faith decides to stay in the next town and becomes a midwife. She is accosted by Rex, the husband of Grace of her patients and decides to leave for Whistle Stop. Grace is the wife of Rex finds out she is pregnant and Rex leaves her to fend for herself. She decides to become a mail order bride and heads for Whistle Stop. All these stories blend so well together. It is a great boxed set.

I have been reading quite a few Mail Order Bride books and love it when each story connects a bit with the previous story. As usual it is quick and easy reading because everything moves fairly quickly. Would definitely recommend.

I love a good book series and I especially love one centered on God. The writer did a fantastic job with these books and I simply did not want to stop reading them. I even got a little sad when I hit the end of the series. I will definitely be purchasing more from this author These books were good, quick, and easy to read. I will be looking for similar books like this in the future, but I am not sure that they will be as good or capture my attention as well as this set has.

Fine read. 4 stars. Interesting plot and sweet characters. Predictable endings. Lot of grammar errors. Was wondering what happened to Warren's mother. Was she left back at his previous home alone?

The Mail Order Brides Western Romance Collection is an amazing must-read three book series with fast-paced, riveting and exciting action all with intertwined storylines well-written by author Jill Maguire

These 3 stories of 3 mail order brides are heart warming and enchanting. They are also interconnecting. What a delightful read!
