## Customer Reviews

These stories are really pathetic in style and substance. They are riddled with errors of grammar, punctuation, and tenses. Does the writer not have an editor? Doesn't the publisher have some responsibility for allowing such material in print? It is sad to observe the material that is offered as literature about the Amish

I enjoyed reading all these books and would like to offer my services as a proofreader for further writings. I saw many errors that could be omitted if proofreading was done by someone reading them for that purpose.

I thought I was getting BOOKS...this is just a long book divided into all these chapters. I don't think it is as advertised. A ripe off!

I love the Amish stories. This set of 20 books was wonderful. I recommend it to any that enjoy clean romance stories.

I would recommend this series of books, very highly. They are are not only good reading, but clean and a God based.

I really enjoyed this Mega Book. I Give it 5 starsHannah Schtick surely is a great writer. Keep it up!

This was a great read. I had a hard time putting it down at night. I will read more of your books.
