Customer Reviews

Terrific product. Another review stated that the narrator's voice would grow on the consumer. I'm not sure about that but I love the layout and being able to switch books and chapters easily. At least I can understand the man as he does enunciate precisely enough. I would strongly to quite strongly

recommend it to a friend or relative.

I am very pleased with my recent purchase of the NASV Bible on CD. It was delivered before the target date. It is of highest quality and I'm very impressed. The gentleman that does the reading is easy to listen to and does an outstanding job.

The case is convenient for long trips and keeping the cd's organized. The narrator's voice is in line with James Earl Jones. I am looking forward to listening to it as I read along.

I really like this CD set. The case is perfect, CD quality outstanding! The voice is nice once you get used to it. At first I found it an odd tone, but after a while of listening I enjoyed how smooth the narrator keeps his voice and he thankfully isn't monotoned so I can stay awake while I listen :). I really appreciate this set. Very, Very well done. I highly recommend!

I really like this audio version of the NASB Bible. I have a hearing loss and Mr. Stevens voice is very clear and easy to hear.

I love to listen to Steven B. Stevens. His voice is deep and rich, and he speaks with devotion and authority. It is a voice you can listen to for hours. Encourages reading of the bible.

Most men are not avid readers, and reading the Bible daily is rare with most men. We can listen as we drive, work, or meditate with this superior version of the Bible. It is spoken in our modern language, and so much more of God's truth is understood as we study in our own modern language. Our understanding is magnified with this translation, and our knowledge is increased since we will listen, and not have to wait to read the written version. Start with the Gospel of John, then go through all of the Gospels. Then the whole New Testament, Psalms, and Proverbs. Now start at Genesis and continue through the whole Bible. Time passes quickly as the Word is read aloud to you.

My husband had this in the New Testament only. He has it playing softly in a CD player that he listens to all night as he sleeps. He really loves doing that. He wanted the Old Testament too, so we've bought this. I really dislike Max McLean's voice, so I was glad to be able to find Steven had more versions available. He sounds very soothing. I can hear it too and it is nice to go to sleep to.

We'll put the NT that we own now in the car when we go on trips. It is so much more energizing to the soul than the junk that is on the radio now days! Even Christian stations have stupid commercials and irritating rock music!
