Customer Reviews

These were a real sanity-saver on a recent cross-country trip with our 8 children ages 0-17. The whole family enjoys Hank Smith's talks. Well, okay, the 3-year-old was pretty oblivious, and the baby mostly slept, but everyone else really loves them. We already had a couple of his cd's, but purchasing this set was an affordable way to complete our collection.

If you want 10 cds that are uplifting, funny, and share great messages, this is the perfect choice. He's clever, spiritual, but most of all I appreciate the messages and practical tips of how to better love your siblings, neighbors and strangers. One downside is that we had already purchased one of these separately, but I wish I had just found out about this first and avoided the double purchase.

Anyhow, I highly recommend this set.

Hank Smith is one of the best motivational speakers we've heard. He is inspirational and appeals to people of all ages. Our family of 5 kids (ages 14 to 2) loves to listen to each of these CDs while we drive in the car. This is a great deal with 10 CDs in one case. The case has 10 sleeves for each CD. VERY happy!

I do not usually post product reviews, this is my first on . And I don't have teenagers just yet, but I have several in training. ^,, My mother-in-law was the one who introduced our family to Hank Smith about a year ago. We brought the CD she had given us on a family trip, and when we listened to it, we were hooked. We loved his humor, and how he taught gospel messages and truths! The advice he gives is timely to anyone and everyone. My kids loved it so much we listened to it several times on the trip, and bought more for the way home. Now any time we are in the car, even around town running errands, my kids request Hank Smith. I highly recommend Hank Smith's CDs, they are fun and lively and incredibly inspiring!

All of Hank Smith's talks are inspirational, engaging, memorable, and funny. I love to listen to them and play them again to listen to as I clean my house. I recently hired a teen to help me clean. We finished the house and still had 20 minutes left of the talk. She asked if she could please stay until the end and then went home afterwards to tell her mom all of the things she had learned. Her mom called me later and thanked me for inspiring her daughter to be more mentally present during family time. The talk was "wake up from your phone". Amazing! I'm so grateful these are offered as a bundle because I have never heard a Hank Smith talk I didn't love.

I love these cd's! I have 5 kids ages 6-14 and the all ask me to "Put Hank on!" when they get in the car. He's usually already on because I enjoy them also. I've listened to them all several times, probably more than any of my kids because I'm in the car the most, I still laugh and cry in all the right places. Hank Smith is such a great story teller! My kids don't want me to turn the car off so they can finish whatever story he is telling. This collection hits so many hot topics that my kids are facing and gives them encouragement that they can make the right choices.

I just got my Hank Smith Collection. I've been wanting it for over an year. Thanks to for having a sale and free shipping. I listen to it I'n my car. My kids love it. It's a major win because they are

learning and getting uplifted. I don't have to listen to fighting or the same movie playing in the DVD player over and over again. Hank has a great way of explaining the gospel for every one to understand and is very funny to keep you interested. Love the Lora Larsen challenge especially now I know her as an adult. She does GLOW!

This Hank Smith collection is a smart way to enjoy so many of Hank Smith's talks. We discovered Hank and his entertaining ways of teaching gospel concepts a number of years ago. It was a perfect way to teach our pre-teen/teens. We started with the Do's and Don'ts of Dating and were hooked! One of my favorite traditions is to listen to Hank Smith talks in the car on long road trips with my family. It helps us start a great discussion on so many important topics AND we have hours stuck together to do it. Because he is humorous, we love to repeat many of his funny quotes from the talks with one another. Hank Smith is funny, knowledgeable and relates well with the youth. You won't be sorry!
