The Connect Access Card for Accounting for Governmental and Nonprofit Entities 17th edition worked as advertised. I was able to register into my class course and I was given access to the online eText. My membership lasts for 6 months.

I needed this access card for one of my college classes and I was trying to save some money. My school only had the textbook and access code combo, which can be expensive So I decided to go for the access code only since there's always the e-book included on the website. When I checked the actual website for the class, the code was still about $120. I decided to check right before I went through with my purchase. I was so glad I did, I was able to purchase this code for half the price, at

$60 with tax! Not going to lie, I did feel a bit nervous ordering this because it seemed to good to be true but I took the risk and was left satisfied. I made sure I ordered the access card that was in "New" condition, the card was unused and the code still worked. I will definitely come back to check for future access codes.
