Customer Reviews

The book was good quality. Nice heavy thick paper that should be durable for little hands. The reason I only gave it four stars was that the narration was a little hard to follow. The person reading spoke very quickly. I am used to the narrators for books on CD for kids speaking very slowly and deliberately. The other reason is that it is hard for my son to find the story he wants to hear. It would be nice if the stories had tabs so if my son wanted to hear the planes story (which is story number 4) he could just flip right to it. As it is now he just flips the pages randomly and I have to come help him find the first page.

This book/ cd is wonderful! I purchased this for my twin 4 year old nephews who absolutely love CARS and PLANES! We sat together and went thru the entire book - approximately 40 minutes. Kept their attention the entire time. Once the story was over, they wanted to listen to/ read the book

again. They listened to/read the book 3 times in the first day. The CD is very entertaining and by the 3rd time, the boys knew when to turn the page. So great that planes and cars are in the same book. The illustrations are colorful and the book is sturdy. I will be purchasing this for my other nephews and friends as you cannot beat the price for the value. Very entertaining! I actually enjoyed it myself

Very nice quality in the book . Pages are nice . Photos and colors are great what you would expect from a Disney book . It's easy to follow the CD dose not read to fast or to slow very easy to follow . The only Con is I wish it had a more secure place for the CD to be stored

Very cute book and accompanying cd. I put this on in the car (even without the book) and my two year old son loves it! Provides a good 45 minutes of listening, and not a peep out of the backseat!

I bought this for my 3-year old nephew - the stories and CDs were great but the book itself was way too heavy for him to handle. So I had to return it.

I put this on the iPad for my son for long car rides, keeps him busy and happy!!!

this was a birthday party gift for a 3 year old that loved this McQueen video

It's great! My 4-year-old son like it, though it is a little bit heavy.....
