As always I find my way back to myself when I reconnect with Louise Hay. This book is outstanding, gentle, informative & living. I could recommend however those who need this book will be led to connect with themselves with living support.

Louise Hay's still strong voice guiding us ahead. Love these meditations and try to sit with them daily. Read the book on vacation last summer and made life altering decisions right after. How fortunate we have been to have this great teacher walking her talk during our lifetime right along with us and being such a stellar example of what living your truth can accomplish. A must addition to any Louise Hay disciple. To your good Health!!!!

This is one of the best meditation audios I have ever purchased. It reminds me to love myself and my body, which I really need with a chronic illness. It is very healing and has so many good, positive messages. It really uplifts my life.

Enjoy listening to this as I fall asleep. Makes me relax and remember to be positive in my thoughts.

Really is very relaxing and speaks to you!

I am really enjoying this CD. I listen to it every night when I go to bed. The affirmations repeat and enter the subconscious. Great health, great life. Love it.
